

Why take Early Start at SF State instead of at other CSUs

English

- 1) Fulfills summer Early Start requirement and leads to college-level English in fall
- 2) Both online and in-person options--either option only four days total
- 3) Includes the Directed Self Placement (DSP), which is required of all incoming students, so will save you time
- 4) It provides a specific introduction to English and writing at SF State, better preparing you to excel in all courses that require reading and/or writing

Math

- 1) Fulfills summer Early Start requirement and may lead to college-level math in fall
- 2) Both online and in-person options
- 3) Each CSU structures their math courses differently, so attending a different CSU may give you an experience that doesn't prepare you as well as an SF State course
- 4) It provides a specific introduction to math at SF State, better preparing you to excel in all courses that require quantitative reasoning

English

Online		In-person at SF State		
6/5-6/8	All self-paced Log in at least 1 time per day	6/5-6/8	9am-12pm	XXXXX
